SCORING & RESULTS

Assign 1, 2, 3 or 4 points from left to right. For positively worded statements, reverse the score (1 becomes 4; 2 becomes 3; 3 becomes 2; 4 becomes 1). Add the three item scores within each domain. Each domain ranges from 3 to 12. Higher scores indicate a greater self-reported opportunity for growth.

Clarity & Resilience: Questions 1, 5, 8 | Score: _____ / 12

Confidence & Communication: Questions 2, 4, 6 | Score: _____ / 12

Alignment & Purpose: Questions 3, 7, 9 | Score: _____ / 12

Your highest-scoring domain is a suggested starting point, not a diagnosis or definitive finding. In a tie, choose the area most relevant to your goals.

Clarity & Resilience: Recommended group session: Leading with Clarity Under Pressure. Explore pressure points, healthy boundaries and responses to uncertainty.

Confidence & Communication: Recommended group session: Courageous Conversations & Confident Decisions. Practice speaking up, timely decisions and clearer communication.
